DAMAI LAUT GOLF & COUNTRY CLUB

Selamat Datang *Welcome*

OUR FAIRWAYS HAVE PLAYED
HOST TO SOME FRIENDLY
JUNGLE RESIDENTS.

Nestled against the backdrop of fresh foliage of florals, Damai Laut Golf & Country Club earns recognition as the Best Resort Course, the 2nd Most Scenic Hole (Signature Hole 15) and 3rd Most Scenic Golf Course in Malaysia by Golf Malaysia Course Poll. This award-winning 18-hole championship golf course, which fronts the Straits of Malacca, was brilliantly conceived by Mr Ronald Fream, a world-renowned golf course designer, for avid golfers to brace the greens like professional players.

The Swiss-Garden Beach Resort Damai Laut is within walking distance from the spectacular Damai Laut Golf & Country Club. With elegantly appointed rooms, excellent facilities and an eclectic blend of food and beverages venues, this resort is an ideal getaway for those in search for the ultimate retreat.

For leisure, recreational facilities are abound. The exhilarating watersports and Balinese-inspired Samsara Spa provides total pampering of the body and mind in a sanctuary built for the senses.

FACILITIES

- 18-hole (Par 72) Award-winning Golf Course
- Pro Shop
- Clubhouse
- Driving Range
- All-day dining
- Buggy-track
- Lady caddy services

*A challenging golf course
amidst tropical rainforest and serene blue sea...*

1	PAR	4	Black	317
			Blue	287
	HCP	17	White	258
			Red	220

Elevated tee box relative straight hole with two bunkers to trap balls on right rough. The green slopes from back to front with a shallow bunker in front. The ridge at Top center green may spin your shots left or right.

2	PAR	5	Black	557
			Blue	515
	HCP	1	White	482
			Red	452

Top of the world with a panoramic view of the Telok Senangin sea coves and northern Pangkor Islands with full view of 7 holes at lake nine. Tee shot has to carry pond 4 large trees below into a dog leg to right fairway. Need to keep

left to avoid the tiger line that lures out of bound boarded by dry creek at 200 to 270m right rough of fairway. This S fairway meanders to the right and left with 2 bunkers and a pond between 130 to 100m. The green has two bunkers in front right and tilts right to left, over the green need to come back through the oil palms.

3	PAR	3	Black	170
			Blue	155
	HCP	15	White	125
			Red	105

Any cut or slice ball is bad news as the pond cover the right side of the whole green. Left rough and mounded green repels all chips from there. Best-case scenario left straight T shots is essential.

4	PAR	4	Black	372
			Blue	336
	HCP	9	White	302
			Red	264

A dog leg right fairway with watery grave all along the right fairway. The lake reaches to the green towards the sea. The green is guarded by 2 bunkers front right. Be wary of this pond. Drinks bad shot to green.

5	PAR	5	Black	522
			Blue	509
	HCP	5	White	470
			Red	412

Tee box right next to the beach. Generous fairway straight down with 3 ponds lurking for wayward Hook and Slice tee shot. Fairway dog legs left to a 2 front and 1 back and a right bunker. A long straight hitter delight for a 2 on eagle chance

need to carry lake and bunkers all the way. Stay away from 5 bunker.

6	PAR	4	Black	435
			Blue	405
	HCP	3	White	370
			Red	345

Reasonably long hole. The fairway runs away to the left. Any heavy draw at the center runs away in first cut and rough "where you can't be if you want your third shot to be a putt." Two tier green to repel ball down wards if not enough roll

to top tier at the back. Pond right of slope of green may swallow long range shots from the slice or cut shots. Green is back to front and favors left to right.

7	PAR	3	Black	183
			Blue	150
	HCP	13	White	135
			Red	118

Water on left not as frequently visited as the 2 bunkers left of green. Wind condition critical when it's a windy day. Tee box elevated to a green that mound right to left with a back tier. Right of green hollows into grass bunkers with some hope

of a chip and par putt.

8	PAR	4	Black	380
			Blue	350
	HCP	7	White	300
			Red	280

Line of Tee Shot is just right of the 2 coconut trees. Dog leg to right fairway with two bunkers left of general landing area. Duck hook off the tee shot lands at "MAS counter" down the valley. Go there and you will

on the next flight home for pro tournament. The shapely figure 8 green slopes from the back to the front over the left waistline puts you deep into the rough and hugging the green.

9	PAR	4	Black	302
			Blue	280
	HCP	11	White	245
			Red	225

Make your choice. Right all the way to the green, long bunker accompanying the water line, very thin fairway dog leg right and left the natural mangrove swamps with the tidal waters awaiting pull or too long a tee shots. Second shots to green

requires a lot of spin to a slim green.

10

PAR	4	Black	365
		Blue	335
HCP	16	White	315
		Red	285

Elevated tee box relative straight hole with two bunkers to trap balls on right rough. The green that slopes from back to front with a shallow bunker in front. The ridge at Top center green may spin your shots left or right. Severe hook will be OB

in the driving range on the left.

11

PAR	5	Black	535
		Blue	480
HCP	4	White	445
		Red	425

The brave carry 210m pond to the line of our private jetty tower and to find the middle of the fairway aim the mushroom shaped yellow Ficus bush. Bad hook will find the OB and teeing to the right is discourage due to opposite flight on 12th hole.

The second pond on left awaits you and it lurks half of the green. Fairway bunkers at 120m squeezed the landing zone to the pond on the landing of second shot. Short left in the pond or safe direction right may roll into the green side bunker. From the bunker a top ball will get the ball wet. The green sinks to the lower behind and precision is the essential key – not a 2 on hole for amateurs.

14

PAR	4	Black	402
		Blue	380
HCP	8	White	340
		Red	300

Straight hitters hole, right or off the tee is toast. Won't let you putt for birdie on the third shot. Hook or long draw off the centre line will roll into the pond left of the second fairway below.

15

PAR	4	Black	355
		Blue	315
HCP	12	White	280
		Red	255

Short and signature hole favors a fade off the tee. Short iron or wedge to a beautiful set green at the sea shore with the Naval Base beyond fringe with coconut trees and grass bunkers. The beach surrounds the top and left of the 15th green. This is a waste area and not a bunker. Watch the flag, too much or too little – oops! – bogey waiting.

18

PAR	5	Black	540
		Blue	520
HCP	2	White	480
		Red	450

The "ROCK" a spectacular sight from the Tee Box at the lake nine. So stay left of the rock of the tee otherwise you may need to use a lofted iron for 2nd short on a par 5 to go over this big rock in the middle of fairway. Precision is the key. A challenge to great players to go for 2 to a small green guarded by left bunkers, front waters and jungle fringe of right. Its tough to try on 3 if you are wrong side of fairway. Green is sleek and narrow 2 tier and tilts from left to right. Bunkers hug very close to green, long is wrong. The greens slopes back-to-front makes over clubbing deadly.

The "ROCK" a spectacular sight from the Tee Box at the lake nine. So stay left of the rock of the tee otherwise you may need to use a lofted iron for 2nd short on a par 5 to go over this big rock in the middle of fairway. Precision is the key. 12

PAR	4	Black	415
		Blue	400
HCP	10	White	375
		Red	295

Favors a slight draw on a dog leg right to left fairway. Bad cut or heavy left would end up in the pond. Two left greenside bunkers protects the green that tilts high back to low right. Little off a good shot need to try safe sand par!

13

PAR	3	Black	140
		Blue	125
HCP	18	White	100
		Red	85

Beautiful island green in the sea of sand like a sunflower. Green narrows at the front tilts from back to front. Wind direction, a vital observations for a birdie try. Any little error will land you in this huge sand bunker.

16

PAR	4	Black	420
		Blue	385
HCP	6	White	360
		Red	340

Generous fairway on landing. Off the tee left is your eye and ego to tell the aim. Can't cut the corner with the high draw you got jungle to search your OB ball. Elevated green fiercely guarded by two bunkers a great challenge to try a long regulation on from a safe tee shot. Short off the pin on the lower tier 3 putt is normal when the flag placement at the top back tier of 16th green.

On this downhill hole not enough club get you diving into bunkers on left. Watch that flag when cross wind funnels down the valley. An exciting long par 3 to score.

17

PAR	3	Black	190
		Blue	170
HCP	14	White	150
		Red	110

On this downhill hole not enough club get you diving into bunkers on left. Watch that flag when cross wind funnels down the valley. An exciting long par 3 to score.
